Results-driven Developer Relations + Developer Experience
Leader with proven experience building scalable programs

EXPERIENCE

OneStream Software, Remote – Director, DevRel & DevEx

AUG 2024 - Current

- Leading developer relations, driving growth and engagement, and fostering a global developer ecosystem for OneStream.
- Built the developer experience from the ground up, creating documentation, tutorials, education, and advisory boards.
- Representing OneStream Software through speaking engagements, webinars, and other events.

Developer Experience Consultant

MAR 2017 - AUG 2024

- Specialize in DevEx initiatives, including community building and engagement, providing guidance on creating developer-focused content (documentation, tutorials, blogs, videos).
- Deliver presentations at industry and developer events on DevEx, Developer Relations, and Community.

CircleCI, Remote — Director, Developer Relations & Community

FEB 2020 - AUG 2023 <https://circleci.com>

- Generated over **\$3 million in attributable sales pipeline** by designing and executing a global developer relations and community strategy.
- Managed and mentored a distributed team of 7 Developer Advocates and Community Managers across 4 countries, increasing program output and developer engagement.
- Drove developer narrative for major product launches by collaborating with Product, Marketing, and Engineering, resulting in higher feature adoption and community excitement.
- Scaled educational content strategy, producing webinars, tutorials, and documentation that reached thousands of developers and enhanced the developer experience.

Solace, Remote — Director, Community & Developer Relations

FEB 2019 - FEB 2020 <https://solace.com>

- Managed the global Developer Community and Developer Relations initiatives, influencing product roadmap and enhancing developer experience.
- Implemented the developer content strategy for the PubSub+ platform, providing essential resources like samples, tutorials, and workshops, and growing awareness and adoption through community involvement.
